FOREWORD BY THE MANAGEMENT BOARD

Andreas Quint (CEO)

Dr. Andreas Schillhofer (CFO)

Keegan Viscius (CIO)

DEAR SHAREHOLDERS,

Thanks to excellent operating results over the first nine months, CA Immo is on course for another positive overall result for the year. With a 10% increase in (adjusted) rental income, we are reaping the benefit of last year's intensive development and acquisition activity. The company's efficiently administered portfolio holdings, which are continually expanding as a result (occupancy rate of 95%, total property assets of € 4.9 bn), will provide a stable foundation for corporate performance based on long-term and quantifiable rental revenue. With the support of a consistently dynamic market environment, we will be able to sustain our highly value-enhancing development activity.

Results of the first nine months 2019

Recurring earnings (FFO I) rose 8.1% to € 101.4 m in the first nine months of 2019 (2018 value: € 93.7 m). FFO I per share stood at € 1.09 on the key date, an increase of 8.1% on the 2018 value of € 1.01 per share.

In the first nine months of 2019, **rental income** for CA Immo rose by a significant 16.4% to € 164.8 m (€ 141.5 m in 2018). Adjusted for the IFRS 16 effects in the amount of € 9.5 m, rental income stood at € 155.3 m, a rise of 9.7% year-on-year. This positive development was linked to portfolio expansion in 2018. Completion of the KPMG building in Berlin, InterCity Hotel Frankfurt Hauptbahnhof and Orhideea Towers in Bucharest alongside the acquisition of the Warsaw Spire C office building in Warsaw, Campus 6.1 in Bucharest and the Visionary building in Prague delivered a positive contribution in terms of yearly comparisons.

As a result of the developments outlined above, **earnings before interest, taxes, depreciation and amortisation (EBITDA)** rose by 16.5% to € 132.1 m (2018: € 113.4 m). The **revaluation result** of € 193.5 m on the key date significantly exceeded the previous year's reference value (€ 92.5 m in 2018). The largest contributions to the revaluation gain in terms of amount came from value adjustments linked to construction progress on the development projects Cube and MY.B in Berlin, NEO in Munich and one land reserve in Frankfurt. As regards income-producing investment properties, assets in Berlin recorded the largest gains on the basis of positive market developments.

Earnings before interest and taxes (EBIT) were € 325.2 m, 45.1% above the previous year's result (2018: € 224.1 m).

The **financial result** stood at € -77.4 m after the first nine months (2018: € -41.6 m). The result from interest rate derivative transactions includes non-cash valuation effects in connection with the convertible bond (€ -18.6 m) plus interest rate hedges and amounted to € -52.9 m (€ -23.4 m in 2018).

The **result for the period** was € 177.9 m, 30.9% above the previous year's value (2018: € 135.9 m). Earnings per share amounted to € 1.91 on the balance sheet date (2018: € 1.46 per share).

The **EPRA NAV** (undiluted) stood at € 35.33 per share on the key date (€ 33.30 per share on 31.12.2018). Adjusted to take account of the dividend payment of € 0.90 per share in May 2019, EPRA NAV per share was up 8.8% since the start of the year.

CA Immo has maintained a **robust balance sheet** that serves as a sound basis for dynamic corporate growth. As at the key date, the equity ratio was 48.4% and the loan-to-value ratio (net, taking account of Group cash and cash equivalents) stood at 35.5%.

Strong market performance

The CA Immo share also continued its positive development in Q3 2019. The share price rose by 18% since the start of the year to stand at € 32.55 on the final day. Taking the dividend of 90 cents per share into account, the total shareholder return amounts to 21%. By comparison, the ATX and EPRA, the European index for real estate (excluding the UK), reported increases of approximately 10% and 15% respectively.

Successful pre-letting on development projects

Tenant demand for (office) projects developed by CA Immo remains high. The Kunstcampus office building in Berlin, which has been completed in September, is 100% let and now part of the CA Immo investment portfolio. Pre-letting for the other two office projects due to be completed and transferred to our own investment portfolio in the first half of 2020 was 93% (for MY.B, Berlin) and 92% (for MY.O, Munich) as at reporting date.

Development pipeline and construction starts in 2019

In 2019, we've been pushing ahead with our strategy of profitable expansion of the investment portfolio through own development projects. Besides the project completion in Berlin – as mentioned above –, we've **started the construction of two premium office buildings in Prague** (Mississippi & Missouri), which will complement the established Class-A-office complex River City Prague to a

total of five buildings in Prague top location directly on the Vltava River. In Q4 2019, **construction of another class A office highrise adjacent to Berlin's main station** is about to start. The 84-metre structure has been fully pre-let to KPMG before construction work begins. As at the balance sheet date, CA Immo had an approximate volume of around 170,000 sqm of rentable effective area under construction (equivalent to an investment volume of just above € 870 m). Of this development volume, some 134,000 sqm (appr. € 660 m) is earmarked for the company's portfolio and the rest will be sold on completion.

Successful sale of non-strategic stake in Immofinanz

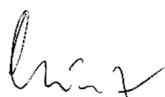

In November, we successfully sold our remaining stake in Immofinanz AG on the market (volume of approximately 4.0% of the capital stock issued by Immofinanz) as part of an accelerated process for placement with institutional investors. The total value of this remaining stake was approximately € 111 m. An additional share of 0.9% of the capital stock issued by Immofinanz had already been sold in the course of the year. The total investment generated an approximate return on investment of € 19 m, equivalent to some 15% of the investment volume of around € 130 m. We will reinvest the revenue from this non-strategic disinvestment in our core business, i.e. the development and management of high quality real estate in the company's core cities in Germany and Austria as well as Central and Eastern Europe.

Outlook

The annual target for recurring earnings – an increase in FFO I on last year's value of € 118.5 m to over € 125 m – is hereby confirmed.

CA Immo will be investing an approximate total of €155 m.

Also in July, Munich city council granted **preliminary planning approval and ruled on the key details of a new residential district** on a 21-hectare site of the so-called Eggarten in the north of Munich. The structural concept sets out the benchmark data for a new residential quarter with 1,750 to 2,000 apartments to be brought to construction readiness in the next few years by joint venture partners CA Immo and the Büschl group of companies.

Start of construction

In September, CA Immo started the construction of two premium office properties in the River City Prague complex, which is located in the sought-after Prague Karlín district. SUPPLEMENTARY REPORT

The following activities after key date 30 September 2019 are reported:

Early in November, CA Immo successfully sold its remaining stake in IMMOFINANZ AG on the market (volume of 4,483,453 shares, equivalent to approximately 4.0% of the capital stock issued by IMMOFINANZ) as part of an accelerated process for placement with institutional investors. The total value of this remaining share was approximately € 111 m. An additional share of 0.9% of the capital stock issued by IMMOFINANZ had already been sold in the course of the year. The total investment generated an approximate return on investment of € 19 m, equivalent to some 15% of the investment volume of around € 130 m. The revenue from this non-strategic disinvestment will be reinvested in the core business of CA Immo, i.e. the letting, development and management of high quality real estate in the company's core cities in Germany and Austria as well as Central and Eastern Europe.

CHANGES IN PRESENTATION AND ACCOUNTING POLICIES

The IFRS 16 standard on the subject of leasing came into force on 1 January 2019. Amongst other things, the standard involves changes in connection with leasing

agreements for cars, operating and office equipment, lease agreements and usufruct.

In cases where the CA Immo Group is a tenant and not the landowner, the application of IFRS 16 leads to recognition of a right of usage and a liability. The relevant agreements of the CA Immo Group relate to properties in Poland and Serbia. The leasing of parking spaces via subletting also results in recognition of a right of usage and a lease liability. In both situations, the usage rights are shown in the item 'Investment properties' and assessed under IAS 40. Amongst other things, the initial application of IFRS 16 led to an increase of € 31.8 m in the item 'Investment properties' as of 1 January 2019.

Moreover, the CA Immo Group will recognise revenue from operating costs passed on to tenants separately, in line with the allocation of components to IFRS 16 or IFRS 15, as from 1 January 2019. The proportion of operating costs entered as a part of leasing income under IFRS 16 will be allocated to rental income. Associated expenditure will be entered in the item 'Other expenditure directly attributable to property assets'; interest expense and result from revaluation is recognized for the right of use assets (usufructs and corresponding lease liabilities). As from 2019, the items 'Operating expenses' and 'Operating expenses passed on to the tenant' will only contain components assignable to IFRS 15. The comparative values have not been adjusted.

RESULTS

Sustained earnings

In the first nine months of 2019, rental income for CA Immo rose by a significant 16.4% to € 164.8 m (€ 141.5 m in 2018). Adjusted for the IFRS 16 effect in the amount of € 9.5 m, rental income stood at € 155.3 m, a rise of 9.7% year-on-year. This positive development was linked to portfolio expansion in 2018. Completion of the KPMG building in Berlin, InterCity Hotel Frankfurt Hauptbahnhof, the ViE office property in Vienna and Orhideea Towers in Bucharest alongside the acquisition of the Warsaw Spire C office building in Warsaw, Campus 6.1 in Bucharest and the Visionary building in Prague delivered a positive contribution in terms of yearly comparisons.

Property expenses directly attributable to the asset portfolio – including own operating expenses – increased year-on-year (adjusted for an IFRS 16 effect in the amount of € 8.3 m) to € -12.1 m (2018: € -11.1 m). The net result from renting after the first three quarters was € 144.4 m (2018: € 130.5 m), a rise of 10.7% on the previous year. Adjusted for IFRS 16 effects, net rental income stood at € 143.2 m (+9.8% in yearly comparison). The efficiency of letting activity (also adjusted for IFRS 16 effects), measured as the operating margin in rental business (net rental income to rental income), remained unchanged at 92.2%, against the previous year's value of 92.2%.

Other expenditure directly attributable to project development stood at € -2.4 m after nine months, against € -2.6 m in 2018. Gross revenue from services stood at € 6.6 m, below the previous year's value of € 9.3 m. Alongside development revenue for third parties via the subsidiary omniCon, this item contains revenue from asset management and other services to joint venture partners.

Sales result

As at the key date, the result from property trading and construction services stood at € -1.6 m (2018: € 4.7 m). The result from the sale of investment properties stood at € 16.3 m on 30 September 2019 (€ 5.3 m in 2018).

Indirect expenditures

After the first nine months, indirect expenditures stood at € -31.6 m, -8.0% below the 2018 level of € -34.3 m. This item also contains expenditure counterbalancing the aforementioned gross revenue from services. Other operating income stood at € 0.4 m, compared to the 2018 value of € 0.5 m.

Earnings before interest, taxes, depreciation and amortisation (EBITDA)

As a result of the developments outlined above, earnings before interest, taxes, depreciation and amortisation (EBITDA) rose by 16.5% to € 132.1 m (compared to € 113.4 m in 2018).

Revaluation result

After the first nine months, the total revaluation gain of € 203.6 m was only slightly offset by a revaluation loss of € -10.1 m. The cumulative revaluation result of € 193.5 m on the key date significantly exceeded the previous year's reference value (€ 92.5 m in 2018). The largest contributions to the revaluation gain in terms of amount came from value adjustments linked to construction progress on the development projects Cube and MY.B in Berlin, NEO in Munich and one land reserve in Frankfurt. As regards income-producing investment properties, assets in Berlin recorded the largest gains on the basis of positive market developments.

Result from joint ventures

Current results of joint ventures consolidated at equity are reported under 'Result of joint ventures' in the consolidated income statement. The low contribution to earnings of € 3.2 m (€ 19.9 m in 2018) reflects the reduced volume of joint ventures as part of the strategic streamlining of the portfolio.

Earnings before interest and taxes (EBIT)

Earnings before interest and taxes (EBIT) were € 325.2 m, 45.1% above the 2018 result of € 224.1 m.

Net finance cost

The financial result stood at € -77.4 m after the first nine months (2018: € -41.6 m). The Group's financing costs, a key element in recurring earnings, amounted to € -32.2 m, 21.8% above the value for 2018.

The result from interest rate derivative transactions includes non-cash valuation effects in connection with the convertible bond (€ -18.6 m) plus interest rate hedges and amounted to € -52.9 m (€ -23.4 m in 2018). The convertible bond issued in 2017 comprises a debt component and a separable embedded derivative based on the cash settlement option of CA Immo. The embedded derivative of the convertible bond is reported at fair value.

The result from financial investments of € 10.3 m was above the reference value for the previous period (€ 6.7 m in 2018) and includes the dividend from the holding in

Immofinanz AG. Other items in the financial result (result from other financial assets and result from associated companies and exchange rate differences) totalled € –2.5 m (€ 1.5 m in 2018). The result from associated companies relates to the valuation of loans granted to an associated company in Russia.

Taxes on income

Earnings before taxes (EBT) totalled € 247.8 m, 35.8% above the previous year's value of € 182.5 m, largely because of the improved revaluation result. On the key date, taxes on earnings stood at € –69.9 m (2018: € –46.6 m).

Profit for the period

The result for the period was € 177.9 m, 30.9% above the 2018 value of € 135.9 m. Earnings per share amounted to € 1.91 on the balance sheet date (€ 1.46 per share in 2018).
